Dear Neighbour,

We've been out in Stroud Green, chatting with neighbours and local businesses.

Now, more than ever, we need Haringey Labour in power to support our communities. We've created stability for our local public services, to allow them to grow.

We will help with the cost of living, build more homes, and cut crime and anti-social behaviour (ASB). We're raising our goal for council housing. We will build 5,000 new, high-quality council homes by 2035, all let at council rent. We'll celebrate our thriving communities as London Borough of Culture 2027 and ensure residents and local businesses benefit from our growing events economy.

This is the best borough in the best city in the world, but there's more to do. We'll support our Labour Mayor to make London safer and greener. We'll hire more police, plant 9,000 new trees across our streets, parks and green spaces, and cut air pollution.

14 years of Tory-Lib Dem austerity cut our government funding in half. Thanks to Labour, Haringey has £25 million in extra funding. Labour will continue investing in Haringey's future.

Together, we'll make Haringey fairer, safer, and greener.

Best wishes,

George

Our pledges to you

- **Homes for all:** We'll clamp down on rogue landlords by expanding our Renters Enforcement Team and use our new Renters' Forum to back private renters. And we're going further on council homes - committing to build 5,000 high-quality, energy efficient council homes at council rent by 2035, giving more households the security they deserve.
- **A proud Borough of Welcome:** We will keep protecting all our communities and renew our commitment as a Borough of Welcome for migrants, asylum seekers and refugees.
- **A fairer, greener future:** Plant 9,000 trees by 2030 across our streets and parks, making our streets cooler and our air cleaner, with even more investment in our playgrounds to make them inclusive. Plus, we'll fix 6,000 potholes, re-lay 400 roads and pavements, and install new cycle lanes and cycle hangars, making sustainable transport routes safer.
- **Protect Finsbury Park:** We'll make sure that the Environmental Impact Fee from all Finsbury Park events is reinvested directly back into the park, in consultation with local people.
- **Tackling crime and ASB:** Renew our Community Safety Strategy to give us new tools to deal with persistent offenders and address the root causes of crime and ASB, and keep young people safe with our Mobile Youth Hub. We'll build on our work with the police and Transport for London to cut speeding and anti-social noise.

A COUNCIL YOU CAN TRUST

Cllr Peray Ahmet, Haringey Council Leader

I was born and raised in Haringey, the child of Turkish-Cypriot Muslim immigrants. Politics is personal for me.

As Leader since 2021, I've listened and worked to deliver for you. Together, we've celebrated the reopening of the Latin Village and rallied during the Türkiye-Syria earthquake and Hurricane Melissa.

Rising extremism and divisive political rhetoric threaten us all. Under my leadership, we will never scapegoat migrants or refugees.

In a borough where life expectancy in the East is 10 years lower than in the West, we'll keep building council homes – the single biggest thing a council can do to tackle inequality.

We'll crack down on rogue landlords with our new Renters' Rights Enforcement Team. We'll curb ASB and dumping by ramping-up enforcement. We'll also invest in culture, keeping our library services and community centres open and improving our parks.

This is a fantastic place to live, but there's more work to do. As the May elections approach, let's unite for a fairer, safer, greener Haringey.

Stroud Green resident Vic Phillips backs our candidates!

"As a long-time resident of Stroud Green, I am delighted to endorse Labour's candidates in the forthcoming local elections.

George Dunstall has been an exceptionally diligent councillor over the last four years, helping residents with casework including antisocial behaviour and housing issues. James has lived locally for a number of years and understands what matters to the community, including organising local litter picks to help clean up the area. As a local parent, Navdeep has day-to-day insight into our schools and our outstanding children's services."
